

LOVE CAGE

She's my temple of grace
a statue of love
my queen to embrace
a goddess above

She's like an infinite color
but she'll never bother
'bout answering love
she only shines down from above

Storms will rage
While I age
Captured in a love-cage

Storms will rage
Sweep me of the stage
Captured in a love-cage

She's not a calm moving sea
she's more like springtide to me
she drowns me in her powers
she's like a thousand cold showers

Like bourbon and whiskey
making my sight misty
she's my angel number 9
ah, I need her to be mine

Captured in a love-cage

Storms will rage
While I age
Captured in a love-cage

Storms will rage
Endless black page
Captured in a love-cage

Storms will rage
The only one on stage
Captured in a love-cage

Storms will rage
Captured in a love-cage

Storms will rage
My destined fate
